## DESCRIPTION

This 1957 MGA Coupe has had 2 rebuilds, one restoration in 1986 by a former member of the BMC Competitions Department and more recently, about 5 years ago, a total rebuild was undertaken. There is a complete photographic record of the latest rebuild. The car has a certified copy of the factory record via the British Motor Industry Heritage Trust. The car is immaculate, being orient red with black trim. It has a chrome luggage rack that is showing some signs of wear. The silencer is a sport type, but there is a new standard item to go with the car. It is fitted with the optional extra heater/demister and has also been fitted with an HDMI socket. There is also a external cover (recently purchased) that is available if required. This a reluctant sale due to my wife's health condition.
