**DESCRIPTION**

I've now come to the time to sell my mini. I bought it about a year and a half ago from a garage that was about to collapse. I've gone through everything and replaced loads and kept it as standard as possible. It's running and driving spot on. Mot until December. I've used it for a bit since finishing it and I've loved using it but no space at home forces sale. It's had new alternator, new brakes, new suspension engine refresh and many new parts. Great little car that I will be sad to see go. Located in Camberley Surrey. Looking for £10,000 Ono
