Martin DB6 Volante MK11 of (the then) HRH Prince Charles was in this display.

- Note: This car was ordered new in rhd from the Morgan factory and was taken to Germany by a well know industrialist. I purchased it from the Morgan Flaving Dealership and had it shipped over back over here (with it are all the German service records) + All my own service records and past MOT's etc. in a folder. I have all the relevant and extensive paperwork for this from the DVLA. As to price it has an agreed insurance valuation of £95,000. I'm asking £85,500 for it.
