DESCRIPTION

PORSCHE 914, rot free import, mot, runs and drives great £14995 Porsche914. Call for price. +44 (0) 1763 262 263 1975 1.8 injection Porsche 914 recently imported from California. The car was mot'd in October 2023 and a UK log book has been applied for, obviously Nova completed and all duties/taxes paid (docks won't release the car if you don't pay these!)Car runs and drives very well, these really are quite fun to drive! Engine number EC 044940. Paintwork, there are a few little scratches and some chips which have been touched up, and a couple of small dents (RH front wing top, RH door top, pictures available of chips etc)The car is a super rot free car apart from a couple of small bits, it does have some very minor rust, the battery tray is new, but just pop riveted in (see pictures), and the rear boot has a few small holes, again see pictures. There are a couple of rust bubbles: B posts at top and on scuttle under windscreen.
