**DESCRIPTION**

Finished in Cobalt Blue with Beige hide interior. Covered 155,000 miles from new having had only 4 previous keepers. Being a 1988 model year, this example benefits from: Bosch fuel injection, fully electric front seats with memory, updated interior and Bosch anti-lock brakes. The car presents itself very well and looks and drives like a car which has done half its mileage; inside the leather is in fine order as are the original lambswool over rugs and Wilton carpets and the polished woodwork is perfect. The exterior is very smart with good paint and bodywork and on the road, it performs extremely well.
