DESCRIPTION

2006 Mini Cooper S John Cooper Works GP1. This is a very special Mini (a real useable collector's car) one of only 459 right hand drive cars out of the 2000 specially manufactured. It is finished in thunder blue with a silver roof and contrasting red mirrors a unique aero kit, carbon fibre rear wing and underbody panelling for improved aerodynamics. It is the 930'th of the 2000 and it's number is on the roof and the door mirrors. The mileage is 72858 and there is a large history file which comes with the car. I have just had the car serviced and a new mot. The number plate stays with the car and is R5 OGP it looks better when spaced R50 GP (which the Mini is !!) A super car and for sale at a low price as we are moving and have no storage at our new home other Minis we are selling are a Mini Mayfair full convertible and a 1971 Cooper S Mk3.
