DESCRIPTION

308d (T1) dropside lorry for sale. Revenue weight 3500. Cylinder 2299cc. 2-axle-rigid body. Motd till 31.10.2024 class 7. V5 present in my name shows 4 former keepers. She is white as you can see from the photos. She belonged to my partner who bought it from a friend in 2016 the previous owner bought her in 2007. My partner was the fourth owner but has died so she became mine. We have never used her commercially for work, my partner just liked her. She was refurbished in late 2018 her chassis was good and this was double checked when the bed was removed and replaced. After being MOTd, she was driven to Cornwall and wasn't used. She went for an MOT last year class 7 and passed after the rear fog light was adjusted. I do have some spares which can be included in the sale. I don't really have a use for her and would like to see her go to an enthusiast who will give her the love she needs or work her.
