DESCRIPTION

1 owner. This completely original, immaculate First Generation Ford GT has had just one owner from new and has covered 5300 miles. This legendary super car was ordered new in 2006 by one of our long term clients and for the past 17 years the Ford has been part of an impressive car collection and used sparingly. The new car order was placed on the 1st June 2006 with London based Company American Car Imports in Midnight Blue with Ebony Black upholstery. The car features options to include the lightweight aluminium BBS alloy wheels, Monotone paint application with clearcoat metallic, painted Red brake calipers, painted racing stripes and the McIntosh audio system. The GT has arrived with us in completely original, immaculate showroom condition with perfect bodywork, paintwork and trim. As expected with little over 5000 miles from new, it is mechanically exceptional and requiring no work. The history file with the car includes the original owners manual/service book, MOT certificates, service invoices, tracker details, original order information and spare keys. The Ford GT is without doubt one of the most legendary super cars designs of all time, built as a homage to the 1964 Ford GT40. With a super charged V8 engine and six speed manual gearbox, these

cars are truly outstanding to drive and without doubt a true collectors piece. This particular example offers a very rare opportunity to acquire a genuine one owner vehicle, and one of very few that has been registered in the UK from new. Please note the private registration mark has now been retained and is not with the vehicle.
