DESCRIPTION

BMW M240i. This super quick, subtly modified BMW 240i was sold by us to our trusting long term transporter driver since 2021. The BMW has covered just 54000 miles from new and comes with a full history with services recorded at 15669, 27017, 35870, 42500 and the most recent one in late 2022 at 49930 miles. The last two services have been carried out by our local BMW main agents. Our driver has really enjoyed the car, he has covered around 7000 miles and has spent almost £1800 with Williams Performance in Cramlington. The M240i has a VRSF B58 sports cat, Tuning software, B58 downpipe and gasket, new clutch and the performance really is exceptional. This is a seriously quick car, and the modifications really enhance the performance of the car. The BMW is incredibly sharp on the bodywork and paint, the interior very clean and original and the car is absolutely ready to go. The car comes with its BMW leather pack, various service invoices and tuning upgrades, and really is an exciting piece of kit. With just a few miles since its last service, the BMW doesn't need anything, just enjoying. A new pair of rear, expensive Michelin Pilot Sport 5 tyres have also been recently fitted due to an MOT advisory. A spec list with the car confirms many features to include M Sports

Cars Other 2016**Price £19,995**

suspension, M leather steering wheel, auto locking during start up, active pedestrian protection, outer skin protection, on board servicing literature, instrument panel with extended spec, intelligent emergency call, DAB tuner, folding headrests, high gloss shadow line and anthracite headlining amongst various other listed items.
